

2010+ CAMARO **BOW TIE DELETE**

INSTALLATION INSTRUCTIONS (FOR PART # CA-190005-BTD)

TOOLS NEEDED FOR INSTALLATION

- None

1. Firmly grip front bow tie and pull to remove while gently twisting. It is held on by a clip on each of the 4 legs of the bow tie. It should pull off fairly easily. **(Figure 1)**
2. Line up 2 clips on Drake Muscle Cars Bow Tie Delete and slightly push them into OE grille. Look at all edges of the bow tie delete and make sure they are clearing the grille. Push delete as needed to clear any lips that are catching, while gently pushing the delete into position. **(Figure 2)**

Enjoy the new look of your Camaro grille, and be sure to visit www.DrakeMuscleCars.com for more great Camaro parts and accessories!
